Competition Format and Rules

Formato y reglas de la competencia / Format et règles de compétition

As of SAT 17 SEP 2018

Youth Olympic Competition Format

The Canoe competition at the Summer Youth Olympic Games Buenos Aires 2018 consists of eight events as follows:

Event
Men - Kayak Head to Head Sprint
Men - Kayak Obstacle Slalom
Men - Canoe Head to Head Sprint
Men - Canoe Obstacle Slalom
Women - Kayak Head to Head Sprint
Women - Kayak Obstacle Slalom
Women - Canoe Head to Head Sprint
Women - Canoe Obstacle Slalom

Differences between the ICF Junior World Championships and the Summer Youth Olympic Games

The competition format of Canoe for the Summer Youth Olympic Games is completely different from the ICF Junior World Championships. In the Canoe Sprint events the athletes paddle on a circuit course, and compete head to head against each other. For the Canoe Slalom events the athletes compete on a calm water surface as opposed to a natural river or artificial slalom course. However, they still need to demonstrate the skills of a slalom paddler by manoeuvring around gates and also beating the other athlete's time on the course.

Changes since the Summer Youth Olympic Games Nanjing 2014

Event name have been changed.

Competition Format

The **Head to Head Sprint** is an individual event on a 420m figure-of-eight course. Athletes compete in a head-to-head format on a course consisting of two straights, each of 80 metres, a single 160 metre straight, and two turns.

The two-track course is marked with clearly visible buoys, with a separation buoy-line between tracks. Two athletes start at the same time from the same starting line but race in opposite directions. The start and finish are at the same line.

The athlete finishes the race when the boat's bow crosses the finishing line having properly completed the course. Progression to the next phase is based either on time, or by winning a race, depending on the phase of the competition.

The **Obstacle Slalom** is an individual event on two identical parallel courses. The athletes compete in a head-to-head format on a course approximately 60m in length in each direction, with four pairs of buoys on each course, to give a race length of 120m.

The course is marked with clearly visible red and green numbered buoys, with a separation buoy-line between the two tracks. Two athletes start at the same time from launching slides on each course. The start and finish are at the same line.

The athlete finishes the race when the boat's bow crosses the finish line, having properly completed the course. Progression to the next phase is based either on time, or by winning a race, depending on the phase of the competition.

Sport Rules and Procedures

All athletes who qualified to the Youth Olympic Games 2018 must take part in both Head to Head Sprint and Obstacle Slalom events in the same category. Qualified athletes are permitted to compete in multiple categories, e.g. a woman qualified in Kayak may enter Canoe events provided they prove their competence in the other discipline, and do not exceed the maximum number of entries per NOC.

The Start

In Canoe Sprint an automatic start system will be used.

In Canoe Slalom athletes will start the race from start platforms with an automatic start system.

The Finish

Athletes finish the race when the bow of their boats crosses the finish line marked with red buoys. Arrival outside of the buoys leads to disqualification.

In Canoe Sprint the finishing and starting line are the same line, marked by two buoys with flags.

In the Canoe Slalom the finish line is located 5m from the bottom of the ramps. It is formed by two buoys with flags.

Boat Control

Canoe and kayak are required to pass the boat control under the ICF Canoe Sprint and for white-water slalom format (length, width, weight).

- The boats will be subjected to boat control by ICF Officials before the competition. In the case that extra weight will be required to reach the minimum weight limit of the boats, it will be added at Boat Control and fixed into the boats, ensuring that all boats meet the same minimum weight applicable to the boat type.
- Athletes must not tamper with the weights if added to the boats
- The weights of the boats will be randomly controlled after competition

Athlete substitution

Not allowed.

Tie Break Rules

- Ties may occur if:
  - Two or more athletes record the same time during the qualification
  - The officials cannot determine who crossed the finish line first
- **Rules for qualification heats round**
  - If the progression is affected by two or more athletes having the same result in the qualification heats, the tie should be broken by a re-run (tie break run).
  - If two or more athletes are tied which affects the start order for a subsequent round, the tie should be broken by a re-run. Alternatively, the tie can be broken by a coin toss with agreement of all affected Team Leaders.
  - The fastest athlete will be ranked highest. The original race time will be displayed on the results of the phase.
  - The starting time of the re-race will be determined by the competition committee.
- **Rules for other rounds**

- The athlete with the fastest time in the previous round of competition is declared the winner.
- If the tie remains, the prior round times will be considered until the tie can be broken.

- **Tie break rules for gold final and bronze final**
  - Additional medals will be awarded if a tie between athletes occurs in a final race
  - Gold medal dead heat: Two gold medals will be awarded. No silver medal will be awarded.
  - Bronze medal dead heat: Two bronze medals will be awarded

Re-race

Irregularities on the course, or unbreakable ties, may result in a re-race. Athletes may be requested to re-race either an interrupted, or a completed race, following a decision of the Competition Committee. Any re-race decision cannot be appealed.

Penalties / Disqualification Rules

The Competition Committee is the arbiter on any disqualification matters. Athletes may be disqualified in the following cases:

- Athlete does not successfully navigate the course correctly
- An athlete who does not start (DNS) in the qualification heats of one event, will be disqualified (DSQ) for the other event in the same category
- Athlete paddling on the course of the opponent
- Athlete who accepts outside assistance
- Athlete who false starts twice in the same round

For specific matters of disqualification in the obstacle slalom event, see section the Technical Handbook.

An athlete marked as DSQ is ranked according to the Technical Handbook, section "Racing Organisation and Regulation of the Competition" and will not progress to the next round; except for the Semifinals where he will progress to the final phase.

Protests / Appeals

Upon official publication of the disqualification by the competition committee, team leaders may protest against competition rule irregularities to the competition committee within 10 minutes. If the protest is dismissed, there is no further right to appeal. A protest cannot be made against disqualification for false start nor incorrect course negotiation.

If the protest is dismissed, there is no further right to appeal.
